

# CASUES

Spam  
1

Phising  
4

Kontoer  
Kompromittiert

```
graph LR; A[Spam 1] --> D[Kontoer Kompromittiert]; B[Phising 4] --> D;
```

The diagram is a flowchart with two input boxes on the left and one output box on the right. The top input box is labeled 'Spam' with a '1' below it. The bottom input box is labeled 'Phising' with a '4' below it. Arrows from both input boxes point to a single output box on the right labeled 'Kontoer' and 'Kompromittiert'.
